Wir bauen und betreiben Bahnhöfe!

LoRa-basierte Fernüberwachung der Bahnhofsuhr

Bahnhofsuhr beim Hackathon

Your idea! Your business! :agile

6th :agile Hackathon

02 – 03 September, 2016

Congratulations!

Your pitch has been awarded first place in the category

Best Pitch

You have given the best performance pitching your business idea to the :agile team. We appreciate very much your work and efforts taken in preparing your pitch. We look forward to hearing from your successes in the future. Let's keep in touch.

Yours sincerely,

The :agile team

Temperatur-/
Feuchtigkeitssensor

- Funkmodul mit LoRa
- Erkennung Stromausfall

Hallsensoren
mit NdFeB-Magneten
(Funktion Std/Min-Zeiger mit
„Magnetlichtschranke“)

Lichtsensor

Sensoren in LoRa-Uhr

Glasbruchsensor

50 LoRa-Uhren an 3 Pilotbahnhöfen

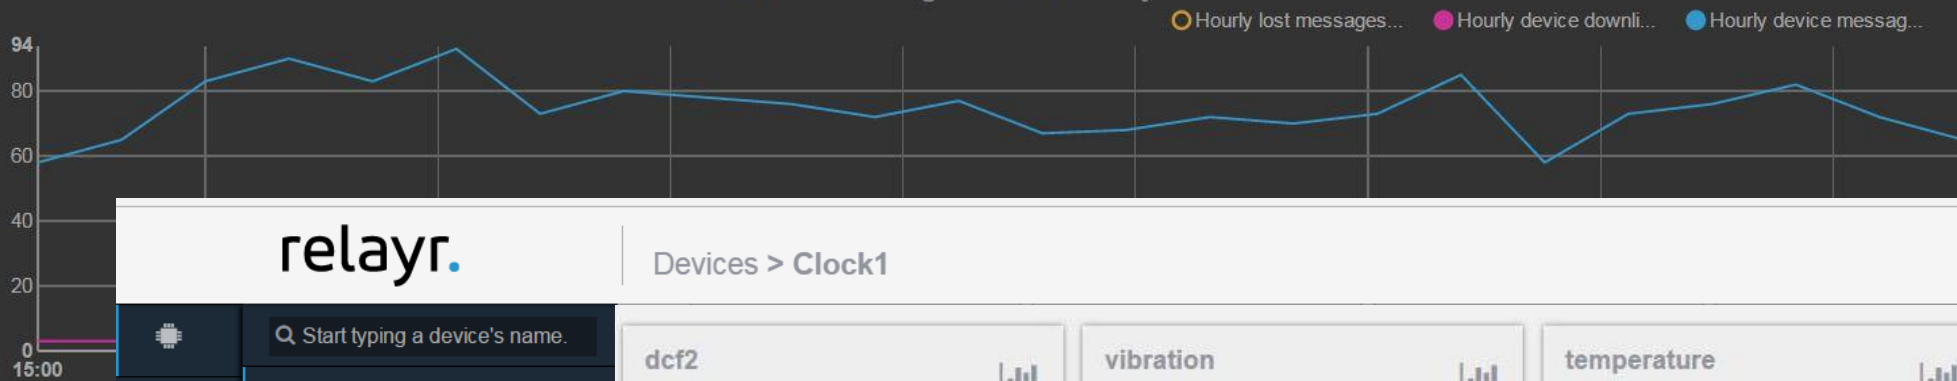

Montage der LoRa-Bahnhofsuhren
